

THE MINI CLUBMAN.

Some say it takes just 7 seconds to fall in love.
We think you only need 6. 1 for each door.
Meet the MINI Clubman.

GO WITH YOUR GUT.

Details of fuel consumption and CO₂ emissions for all models,
as required under EU law, can be found in the Technical Data
section beginning on page 42.

For more information on the options available for each model,
contact your MINI dealer or visit mini.com/configurator

MAKING THE MINI: BREAKING THE MOULD.

When Sir Alec Issigonis sketched his initial idea for the Mini on a tablecloth in 1956, his innovative compact design was the perfect response to some of the biggest automotive questions of his era. Almost everything about it was unconventional: he increased the track width as far as he could, mounted the engine lengthwise, and positioned the instrument cluster centrally for both left and right-hand drive. This ensured maximum space inside the car. The concept was unprecedented – and his revolutionary Mini soon became an icon.

The first Mini to include this design and a handy set of Split Doors appeared in 1960 in the form of the Mini Traveller. 9 years later, the Mini Clubman was born. And with all the charm of a Mini plus a load of extra luggage space, it has won over drivers ever since.

Motorsport legend John Cooper saw star racing potential in the original Mini – so he created a model for the track. Braking, inducing oversteer and then drifting around corners became effortless for rally drivers, thanks to its light weight and short overhangs. Racing around tight bends at high speed, now synonymous with the classic MINI go-kart feeling, laid the foundation for a succession of spectacular wins at the Monte Carlo rally. Here, the Mini proved that agile handling beats sheer power, every time. To honour Cooper’s vision, the thoroughbreds of the MINI range bear the name John Cooper Works.

The compact design of Alec Issigonis and racing pedigree of John Cooper have defined the Mini from the very beginning and remain hallmarks of every iteration to this day. Their legacy of innovation lives on in the latest MINI – and the cutting-edge technology within.

MINI

CLUBMAN

COOPER S

VERSATILE INTERIOR.

The size of the MINI Clubman makes it the ideal car for short trips and longer journeys alike. This is largely due to its 360-litre luggage capacity and the versatility of the large rear seat bench. The backrest folds forward in a 40:20:40 split: the middle section can be used either as a comfortable armrest (with cupholders) or as extra space to accommodate longer, bulkier items of luggage. With the optional Comfort Access system and Easy Opener function, the split doors open automatically when you move your feet under the boot and back again.

PERSONALIZED EXTERIOR.

There are countless ways to make a MINI Clubman all your own. If you're looking for styles and features that suit you, the MINI Original Accessories range has it covered.

MINI Original Accessories
Roofbox in Black (approx. 320 l)
Black Jack side scuttles and exterior mirror caps
19" John Cooper Works Pro Radial Spoke light-alloy wheels, burnished
LED additional headlights in Brilliant Black
Black sunscreens for side windows

[mini.com/accessories](https://www.mini.com/accessories)

THERE'S MORE THAN ONE WAY TO DRIVE A MINI.

There's also more than one MINI to drive away. Whether you go for the One/D, Cooper/D or Cooper S/SD, each one has a different engine and its own feel behind the wheel. But whichever unit you choose, they all have one thing in common: the power and efficiency of MINI Twin Power Turbo technology.

All MINI Clubman models are fitted with a track-style sequential 6-speed manual gearbox as standard. 6-speed Steptronic transmission is available upon request for One/D and Cooper models, while an 8-speed Steptronic gearbox is an option for Cooper D and Cooper S/SD variants.

What's more, intelligent ALL4 all-wheel drive in Cooper S/SD models ensures optimum traction on all road surfaces. See page 34 for details.

With optional MINI Driving Modes, you can adapt the performance of your MINI to match your mood and the driving conditions. In the MID and GREEN modes, Dynamic Damping Control softens the suspension to keep the drive enjoyably smooth. If you want to feel like you're tearing up tarmac in a go-kart, select SPORT mode.

MINI One Clubman.

Choose from a 1.5-l 3-cylinder petrol engine that delivers 102hp/75kW or a 1.5-l 3-cylinder diesel unit with an output of 116hp/85kW. Both feature MINI Twin Power Turbo technology. The go-kart feeling starts here.

MINI Cooper Clubman.

A 1.5-l 3-cylinder petrol engine (136hp/100kW) and a 2.0-l 4-cylinder diesel version (150hp/110kW) offer a handy blend of oomph and economy. Let's not forget a few Cooper hallmarks: a safety bar in Brilliant Black, a Chrome tailpipe and an optional contrast colour for the roof and mirror caps.

MINI Cooper S Clubman.

With a 2.0-l 4-cylinder petrol engine (192hp/141kW) or a 2.0-l 4-cylinder diesel unit (190hp/140kW), the Cooper S Clubman packs the biggest punch. The front and rear aprons, bonnet air scoop and dual tailpipes hint at the power waiting to be unleashed on the road. Meanwhile, the red S on the radiator grille, Split Door and side scuttles underlines the car's sporting heritage.

FALL IN LOVE. OVER AND OVER AGAIN.

Add a personal touch to the interior of the MINI Clubman and choose from 4 high-quality interior style options – 3 of which are part of the exclusive MINI Yours collection. Each style comprises multiple elements that complement

each other perfectly. The MINI Yours Interior Style Piano Black illuminated, Satellite Grey interior colour and Lounge leather seat in Satellite Grey are all illustrated below.

INTERIOR ELEMENTS IN DETAIL.

To help you put together the interior that suits you best, we've come up with a few combinations of complementary styles and finishes for 4 key design elements: decorative cockpit trim (1), wraparound cockpit trim (2), decorative door trim (3) and centre console trim (4). For a detailed look at the patterns and colour schemes, take a look at the opposite page.

770 COLOURS IN 1 NIGHT.

What good is a stylish interior if you can't see it in all its glory? Chances are you'll be spending a lot of time here, so brighten up the inside of your MINI Clubman with the set-up it deserves: Ambient Lighting. Part of the optional MINI Excitement package, it can cycle through up to 770 different shades of the colour spectrum, or you can choose from 12 preset colours. So whatever your mood, you're guaranteed to find one to your liking. Each decorative surface is made with the finest materials. Additionally, the front door trims included in the MINI Yours Interior Styles emit an eye-catching fluorescent glow to go with the Ambient Lighting.

MINI YOURS.

The Carbon Black MINI Yours seat in luxurious Lounge leather isn't just made – it's crafted. The smooth feel of the leather against your hand, the detailed stitching of the Union Jack in the headrest, the braided edging ... the beauty is in the detail.

mini.com/configurator

* Only for sport seats for driver and front passenger.

BIG ON SMALL DETAILS: MINI YOURS.

The MINI Yours customization programme provides a wealth of options for those who prize individuality and refined style. The range represents the best of British craftsmanship, and each item has its own story to tell.

Here are a few examples: MINI Yours Interior Style Piano Black illuminated (1), MINI Yours Interior Style genuine Fibre Alloy illuminated (2), MINI Yours sports leather steering wheel including soft nappa leather and contrast stitching (3) and the spectacular exterior colour MINI Yours Lapisluxury Blue – a deep shade of ultramarine (4). The MINI Yours Lounge leather seat in Carbon Black is crafted from the finest leather and comes with braided edging. Look closely and you'll see the Union Jack and sewing needle in the MINI Yours logo (5). Another Union Jack is stitched to the back of the headrest (6).

MINI CONNECTED: HELLO WORLD.

Between MINI Connected and the MINI Connected ready app, you've got everything you could need to take the hassle out of your journey – or inject a few more thrills into it. You can check your calendar for today's schedule, bring up search results directly in the navigation system, discover new tunes using one of several popular music apps or listen to an audiobook. Other highlights include controlling your GoPro from the centre console screen.

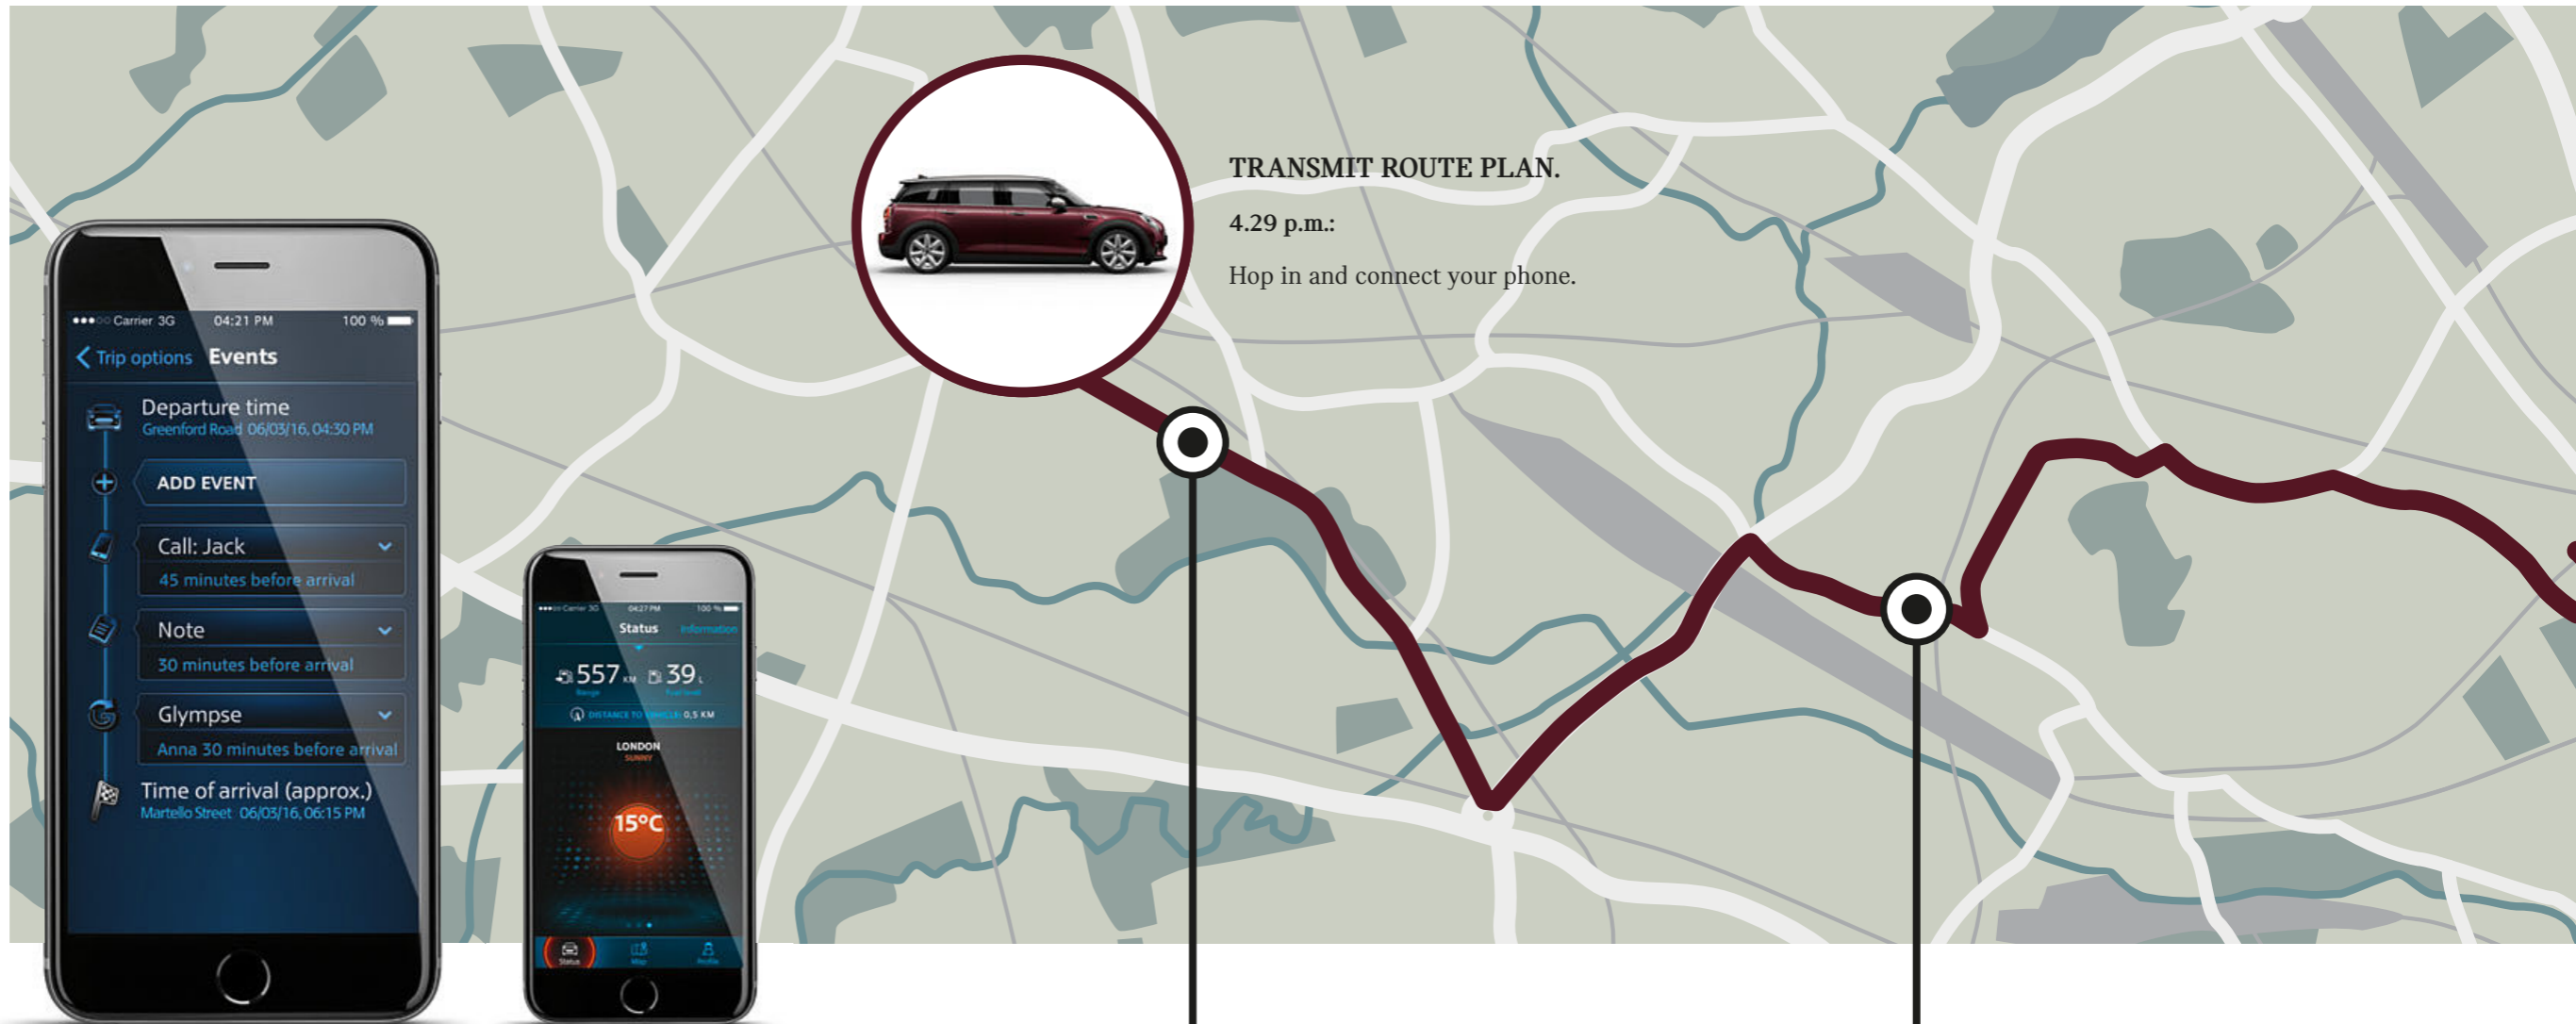

The MINI Connected XL Journey Mate smartphone app helps you plan your next journey – before you've even left the house. Once you're on the move, it sends you reminders, shows you traffic jams along your route, the weather at your destination and the journey time. It'll even direct you to the nearest parking spot or petrol station. And with the Glympse app, you can share your current location with friends.

MINI 3-door model illustrated.

WIRED TO PERFECTION.

With the Wired package and Professional navigation system, you can take full advantage of the MINI Connected world of infotainment. The MINI Centre Instrument boasts a screen diagonal of 8.8 inches/22.4 cm, a 3D satellite map view with split screen function and 20 GB of storage for entertainment files. It can also be easily operated using the MINI Controller with touchpad. Other benefits of the Wired package include an enhanced mobile phone preparation, a multifunction steering wheel and voice control. You can stay connected even when you get out of the car, with the virtual trip planner MINI Connected XL Journey Mate and the Glympse app.

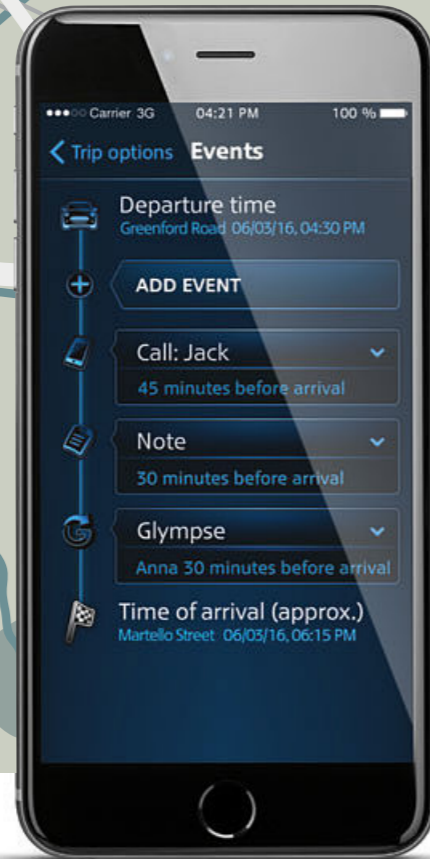

mini.com/connected

MINI CONNECTED XL JOURNEY MATE.

4.21 p.m.:

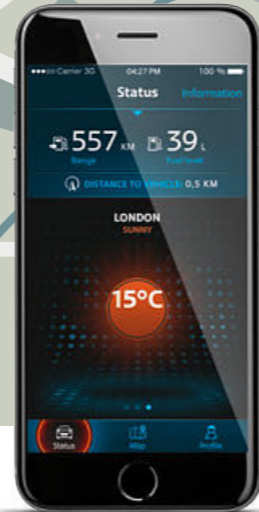

Who wants to see the new art exhibition later? Plan it on your phone and set reminders: call your friends and pick them up. Search for petrol stations along the way and load the Glympse app.

WHAT'S THE WEATHER LIKE?

4.27 p.m.:

Check the weather at your destination. It's a bit chilly. Better bring a jacket.

PETROL STATION INFO.

4.35 p.m.:

Part of the plan: 60 km before the fuel level gets too low, the Journey Mate shows a selection of petrol stations along the route so you can avoid unnecessary detours.

ONLINE TRAFFIC INFO.

4.54 p.m.:

Real-time traffic update: there's a hold-up ahead. The zoom function makes it easier to avoid sudden bottlenecks. Fire up Spotify and kill some time with in-car karaoke.

TRANSMIT ROUTE PLAN.

4.29 p.m.:

Hop in and connect your phone.

RADIO MINI BOOST.

The Radio MINI Boost, with USB audio and AUX-IN interfaces and a 4-line display, is fitted as standard.

RADIO MINI VISUAL BOOST.

Complete with 16.25-cm/6.5" screen, ergonomic MINI Controller, MINI Connected interface and Bluetooth hands-free kit.

MINI NAVIGATION SYSTEM.

Leading the way: A first-class navigation system with GPS, TMC and USB updates. Upgrade for the Radio MINI Visual Boost. Easily operated via the MINI Controller.

MINI PROFESSIONAL NAVIGATION SYSTEM.

Included in the Wired package: the 22.4-cm/8.8" screen in the MINI Centre Instrument houses state-of-the-art technology and puts a wealth of navigation information at your fingertips.

GOT EVERYTHING?

5.30 p.m.:

Who's missing? As instructed, Journey Mate reminds you to ring your friends, which you can do safely using the hands-free Bluetooth connection as you drive.

A QUICK PIT STOP.

5.45 p.m.:

Journey Mate reminds you to pick up your friends. Thanks to the Glympse app, they can see where you are – there's no need to hunt around for them.

WE'RE HERE.

6.15 p.m.:

Perfect timing. You've arrived and found a place to park. The Last Mile Navigation feature in the Journey Mate shows you directions for walking to the gallery.

THE BEST JOURNEYS BEGIN WITH PEACE OF MIND.

1 Never lose sight of the important things: The MINI Head-Up Display projects key driving information into the driver's line of sight without obstructing his view of the road. Depending on the optional equipment fitted, this data can include speed limits, navigation instructions, cruise control settings, plus information from the phone and entertainment functions.

The Driving Assistant uses several systems to help avoid collisions with pedestrians and other vehicles. For example, it uses Active Cruise Control to maintain a safe distance from the vehicle in front, preconditions the brakes for shorter stopping distances when travelling at high speed, and can even apply the brakes automatically in city traffic.

(not shown) transmits the position of the vehicle, direction of travel and severity of the accident to the emergency services, so help can reach you as quickly as possible.

and makes parallel parking easy. All you have to do is brake and accelerate as required.

2 A high-resolution reversing camera displays a clear view of the area the behind the car in the MINI Centre Instrument.

3 After locking, the LED roof fin flashes at regular intervals to indicate that the alarm system is active.

4 As part of the MINI Excitement package, the exterior mirror on the driver's side projects the MINI logo onto the ground once the door has been unlocked.

In the event of an accident, the MINI Intelligent Emergency Call system

The Park Assist (not shown) helps you find a suitable parking space

FOR A FIRM GRIP ON PROCEEDINGS: ALL4.

The optional ALL4 all-wheel drive in the MINI Clubman is an intelligent torque vectoring system. Its electro-hydraulic multi-disc clutch is linked to Dynamic Stability Control and smoothly varies the amount of drive torque distributed to the front and rear axles according to the driving situation. That all means supreme traction on every road surface, maximum stability and even more fun cruising around corners.

 Torque

1 Straight, level road.

To maintain efficiency in normal driving situations, e.g. on straight, level roads, the system diverts 100% of the torque to the front axle.

2 Cornering.

ALL4 allocates enough torque to the rear axle to counter the onset of over/understeer and increase stability.

3 Wet and slippery roads.

More torque is directed to the rear axle – in some cases up to 100% – when a loss of grip occurs at the front. This counteracts understeer and ensures optimal traction.

4 Uneven surfaces.

ALL4 rapidly allocates the optimum amount of power to each axle to ensure maximum traction on uneven roads.

SMOOTH OPERATOR.

Add a track-style edge to your very own MINI with the John Cooper Works equipment packages. The John Cooper Works Exterior package boasts the aerodynamic kit, which consists of front and rear aprons, optional 2-tone 19" Course Spoke wheels, sports suspension, rear Park Distance Control and an exclusive rear spoiler.

The John Cooper Works Interior package puts the finishing touch to the look. It includes a leather steering wheel, headliner in Anthracite, optional Dinamica/leather sport seats, stainless steel pedals, an exclusive gear lever knob and eye-catching door sill finishers.

The John Cooper Works Chili package is the ultimate upgrade. It covers everything in the Exterior and Interior packages and more. See page 39 for details.

A LITTLE EXTRA TO SAVOUR.

If the practically endless list of individual equipment options puts your head in a spin, keep things simple. Spruce up your MINI Clubman with one (or more) of our equipment packages. Choose from Salt, Pepper and Chili, each expanding on the one below it. There's also the Wired package, which is crammed with cutting-edge connectivity options. A lot of thought went into each package: the options included were chosen to complement each other and suit your needs. It's also much cheaper to buy the bundle instead of each option individually. The same goes for the John Cooper Works packages outlined earlier in the brochure.

WIRED

Communication is everything. That's why we're offering the Wired package with Professional navigation system, operated via the MINI Controller and touchpad. It includes the MINI Centre Instrument with 22.4-cm/8.8" screen, multifunction steering wheel, voice control, 3D satellite map view, MINI Connected XL Journey Mate, 20 GB of entertainment storage and mobile phone preparation for the snap-in adapter in the centre armrest.

CHILI.

This one has pretty much everything – and motorsport fans will lap it up. Take all the extras in the Salt and Pepper packages and add MINI Driving Modes, cloth/leather sport seats, a sports leather steering wheel with multifunction option, LED headlights and fog lights, and a selection of light-alloy wheels: 17" Vent Spoke for MINI One/Cooper models and 18" Star Spoke for Cooper S/SD variants.

PEPPER.

The Pepper package has everything in the Salt bundle and more. Extras include the keyless Comfort Access system (with Easy Opener movement sensor under the rear apron), front armrests and the MINI Excitement package, which consists of Ambient Lighting and toggle switch in the headliner, waterfall interior lighting, welcome lighting in the front and rear footwells, and lighting for the exterior door handles.

SALT.

The Salt equipment package adds a dash of extra comfort and connectivity to the mix. It includes velour floor mats, an on-board computer, the lights and storage packages, automatic air conditioning, fog lights and seat-height adjustment for the front passenger.

MINI SERVICE.

We've got everything covered.

Our service experts are as passionate about your MINI as you are. They're specially trained to keep it in top shape, so for electrical or mechanical defects, cosmetic or bodywork repairs, or even simply fitting MINI Original Parts, your MINI will be in the best possible hands.

MINI knows best.

Since you can't always think of everything when on the road, your MINI uses its head too. The Condition Based Service feature automatically reminds you when its next service is due, via the MINI Centre Instrument. The MINI TeleServices feature automatically transfers the most important vehicle data to MINI via a built-in SIM card. Your local MINI Service Centre will then contact you to make an appointment if any maintenance is necessary. What's more, in the unlikely event of a breakdown, you can also contact the specialists on our MINI Breakdown Service team directly. If you don't need to use the service, you can deactivate it at any time. The Intelligent Emergency Call option is required to use MINI TeleServices.

At a glance: MINI Service Inclusive.

2 packages give you full control over what you pay for maintenance and repair work. You decide the duration and amount of cover, and you can even transfer it to a new owner. With MINI Service Inclusive, you can book your MINI in with any MINI Service Partner around the world. For more information on these packages and additional extended warranty options, visit [mini.com/serviceinclusive](https://www.mini.com/serviceinclusive)

We'll keep your MINI mobile.

MINI Mobile Service and the MINI Accident Hotline are there when you need them, 24 hours a day, 365 days a year. If you have a breakdown, you'll get specialist help every step of the way: we'll send expert technicians to help you on site, dispatch a BMW Group replacement vehicle to get you back on the road, provide car recovery and towing services and more. In the event of an accident, we'll be there for you with a comprehensive range of services. Find out more online at [mini.com](https://www.mini.com)

MINI FINANCIAL SERVICES.

The key to the car of your dreams.

MINI Financial Services represents the quickest way to the car of your dreams. With MINI Leasing, you pay to use the vehicle and not a penny more. MORE MINI packages provide a host of attractive extras, such as suitable insurance, a tailored service deal or even a combination of both.

If you want to own a MINI but stay flexible with your financing, you'll find a favourable deal with MINI Finance. And for total peace of mind, check out MINI Car Insurance.

Find out more about MINI Financial Services online at [mini.com](https://www.mini.com) or visit your local MINI dealership.*/**

* Contractual partner and risk carrier is Allianz Versicherungs-AG.
** Vehicle also includes a service package. See service package agreement for details.

MINI Financial Services is a trade name of BMW Bank GmbH, Heidemannstr. 164, 80939 Munich, Germany.

Warranty.

Every MINI is supplied with a 2-year dealer warranty against manufacturing defects. The MINI dealership where the purchase was made is responsible for honouring the warranty. Repair work can be carried out at any authorized MINI dealer, MINI Service Authorized Workshop or any other service centre authorized by MINI. Defects arising in the first 6 months after purchase are deemed by law to have existed at the time of purchase and the dealer has the onus of proving that the vehicle is not defective due to a manufacturing defect. Every MINI also comes with a 12-year anticorrosion warranty, which covers the vehicle against rusting of the body panels. The painted surfaces of the car are covered by a 3-year warranty. This warranty does not cover damage to the vehicle body or under-body caused by stone impacts, scratches or dents, accident damage or other damage caused by environmental factors. Failure to comply with the service schedule provided by the manufacturer may invalidate this warranty.

Recycling.

At every stage, from design to disassembly, recycling is central to the MINI philosophy. For example, all the materials used in each vehicle's manufacture are selected because they can be used in the most sustainable and environmentally friendly way possible. That way, every MINI can be efficiently and ecologically recycled when its driving days are finally done. We have been working on this approach since 1994 at the BMW Group Recycling and Disassembly Centre in Munich, the only facility of its kind. Your MINI dealer will be pleased to advise you on the disposal of your old vehicle, or you can visit [mini.com/recycling](https://www.mini.com/recycling)

DIMENSIONAL DRAWINGS.

Cooper S track width: 1560 (front), 1561 (rear)
All figures in mm.

¹ All figures relate to vehicles with the standard 6-speed manual transmission. Figures in square brackets relate to vehicles with 6-speed/8-speed Steptronic transmission.

² All MINI models comply with the EU6 exhaust emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (as defined in directive 80/1268/EEC), made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured separately from fuel consumption. Figures relate to standard-specification vehicles, and may vary significantly where optional equipment (including wider tyres) is fitted. Figures for fuel consumption and CO₂ emissions may vary depending on the wheels and tyres fitted.

³ Assuming car is fuelled to 90% of usable tank capacity, and allowing 68 kilograms for the driver and 7 kilograms for luggage. Figure quoted is for standard-specification vehicles. Optional equipment will increase this figure.

WE'VE SAVED THE BEST FOR LAST: THE TEST DRIVE.

What's the point of revving yourself up without taking it for a spin? Get behind the wheel. Make yourself comfortable in the driver's seat. Listen to the satisfying sound the door makes as it closes behind you. Fasten your seat belt. Adjust the rear-view mirror and look over at your MINI dealer. He knows exactly what awaits you: a drive like no other, guaranteed to inspire. It's time to start the engine and get to know the new MINI Clubman.
